

A vast range of colours can be produced quickly and efficiently without the need to produce large run quantities. This means you can achieve solid or masked colour areas on glass for your next project. Whether your application is indoors or outdoors, in wet or dry areas, the Winstone process can assist you to gain your desired finish.

Call Winstone Glass today for a free, no obligation, measure & quote.

Splashbacks**

innovators in glass

Customised solutions for
your kitchen, home or office

Kitchens are where the best creations are made – embrace your culinary flair with a custom designed splashback to match.

- Hygienic
- Easy to clean
- Safe
- Code compliant
- Custom colours prints and shapes
- Increases the value of your home

Winstone Glass splashbacks are custom-measured and made to your exact specifications, ensuring a perfect fit every time.

Elegant, easy to clean, and heat resistant, glass splashbacks combine style and personality with versatility and functionality.

Winstone Glass splashbacks are designed to enhance any kitchen or bathroom area.

We can easily match Resene or Dulux colours to fit in with your existing colour scheme to give you fresh lines and an easy to clean surface anywhere in the home.

Our splashbacks use a durable and colourfast finish that creates endless design opportunities for architects, builders, designers and homeowners.

Don't confine yourself to just the kitchen; splashbacks can be patterned or coloured and fitted to showers and corridors, boardrooms or feature walls in your home or office.
